

Economics MA, Business Economics Emphasis

Admission Requirements

An undergraduate major in economics is not required for acceptance into the program. Application for admission may be submitted at any time, although class work formally begins in late August, mid-January, and mid-June. Candidates must meet the general admission requirements of the Graduate School, submit GRE scores (Advanced Economics optional), and submit two letters of recommendation from persons qualified to judge the candidate's potential for success in the program.

The admissions decision is based on the applicant's academic transcript, GRE scores, letters of recommendation, and a personal narrative on the application form.

Degree Requirements

Like the General Option of the Economics MA, the Business Economics option requires 30 credit hours. Subject to approval from the Director of Graduate Studies, as many as nine credit hours may be waived based on previously completed graduate education. Independent of any waived courses, the 30 credit-hour program must be completed within a six-year period. A minimum of 21 credit hours must be completed while enrolled in the MA program at UMSL.
